DESCRIPTION

An elegant sparkling wine with a fine and persistent perlage, made according to the traditional method (Cham-penoise). On the nose, the freshness of the white fruits aromas is harmoniously complemented by autolytic notes of brioche and pastry, generated by the long maturation in the bottle for 44 months

It can be served as an appetizer, with clams, seafood and fish dishes. For a complete Transylvanian experience, it is recommended to serve it with Mangalitza greaves.

Serving temperature: 6-8°C
